ASSEMBLY TIPS

**Please read before beginning assembly!*

To avoid damaging furniture perform the assembly of your Loll furniture on a clean soft surface like a blanket, carpet, or the flattened cardboard box the furniture was shipped in. Components should not be unnecessarily forced together! If it seems parts aren't fitting together you likely have something wrong and you should reread the instructions to ensure you are aligning the proper components. If your piece of furniture requires "Blocks" for assembly one side may have protective film on it. This surface is hidden after assembly so the film can remain on the block or it can be removed. Use a Cordless Screw Gun if you have one and know how to use it. Set the clutch setting at medium torque. We do not recommend using an electric drill with a cord and without a clutch to install bolts in inserts as you can easily overtighten and damage the product. All bolts come standard with a thread coating to reduce bolts loosening after assembly while still allowing removal and reuse of the bolt. Start all bolts by hand, with the Allen Key, or the Loll Tool and tighten firmly until parts are drawn tight together and you can't muscle the bolt any tighter. It's virtually impossible to over tighten by hand. Watch the assembly videos at www.lolldesigns.com/videos for even more information and visual aids. If you have more questions please contact your Loll Sales Associate or Customer Service for support at 877.740.3387. A **Pro Tool Kit** can also be purchased from Loll for multi piece assembly jobs.

Scan for assembly tips and videos

BLOCK & BOLT INSTALLATION

Insert bolts through countersunk hole side of blocks as shown below.

LOLL TOOL
Locate the box marked "Tool Included" before beginning assembly.

PRODUCT CARE

Your new Loll furniture is a no maintenance product. You'll never need to paint or stain it and it can be left outside all year regardless of the season. It will not rot, even if left standing in water. Nonetheless, we're pretty sure your Loll furniture will get a lot of use and will at some point need cleaning. We recommend a garden hose and incorporating a soft bristle brush. Adding a tablespoon or two of your favorite eco-friendly soap to the wash will get everything squeaky clean. Mineral deposits left over from hard water can be removed with a solution of vinegar and water. Loll offers a cleaning kit that has everything you need for great results. Also see our cleaning video at lolldesigns.com/videos.

5 YR WARRANTY

Loll Designs strives to build long-term relationships based on confidence and trust with our customers. We sit beside, on top, and beneath the quality of our fine furniture and will make things right if you are not completely satisfied with your purchase. Loll Designs hereby guarantees that the piece will be of good quality and workmanship, free from faults and defects. Loll warrants that all components will not fail, under normal use, for five years from the year mark on the piece or the date of purchase. *For commercial orders the warranty is three years.

DAMAGED PRODUCT

Sometimes accidents occur. Please inspect your Loll furniture when you receive it to make sure that it has not been damaged during shipping. If damage has occurred please take digital pictures of the damaged furniture and the box it was shipped in, and email them to sales@lolldesigns.com or call Customer Service using our toll free number: 877.740.3387, ext. 1. The damage will be assessed and you will be contacted with a solution to the problem. It may be helpful to save all of your packaging material in case a return is necessary.

We want you to love your Loll.

ASSEMBLY TIPS: 5 Important Points You NEED to Read

1. Prior to beginning assembly, please inspect and inventory the parts to make sure you have everything and that nothing was damaged during shipping. If damage has occurred, please take photos and go to lollidesigns.com/damage. Rest assured we'll get it taken care of straight away!
2. To avoid scratching furniture, assemble on a clean, soft surface like a blanket, carpet, or the flattened cardboard box the furniture was shipped in.
3. **Start all bolts by hand to ensure proper alignment and to prevent cross threading.** Then using the provided tool, tighten until you feel resistance. Do not overtighten.
4. Bolts should not be forced, but some components, particularly blocks, fit snug but can still be installed without tools or excess force.
5. If parts are still not going together, please send us a photo of the part you are having trouble with.

♻️ RECYCLE THE PACKAGING

We've gone through great lengths to make as much of our packaging as possible recyclable. The cardboard box, paper wrap, filler and paper bags can all go in your recycling bin. The muslin hardware bags replaced plastic bags with the intention of reducing plastic and encouraging reuse. Loll Designs and Planet Earth thank you!
