**ASSEMBLY TIPS**

- To avoid damaging furniture perform the assembly of your Loll furniture on a clean, soft surface like a blanket, carpet, or the flattened cardboard box the furniture was shipped in. Components should not be unnecessarily forced together! If it seems like parts are not connecting properly, check your instructions to ensure you are aligning the proper components. If your piece still will not connect properly, please reach out to Loll Designs for support.

- We sit beside, on top, and beneath the quality of our fine furniture and will make things right if you are not completely satisfied with your purchase. Loll Designs hereby guarantees that the piece will be of good quality and workmanship, free from faults and defects. Loll warrants that all components will not fail, break, or otherwise accommodate the intended use under normal use, for five years from the year mark on the piece or the date of purchase. *For commercial orders the warranty is three years.

- Sometimes accidents occur. Please inspect your Loll furniture when you receive it to make sure that it has not been damaged during shipping.
