"Tool Included"

1. Choose your Block & Bolt kit that will fit your furniture.
2. Countersink hole side of blocks as shown below.
3. Insert bolts through countersunk hole side of blocks as shown below.
4. Use a Cordless Screw Gun if you have one and know how to use it. Set the clutch setting at medium torque. We do not recommend using electric drill with a cord and without a clutch to install bolts in inserts as you can easily overtighten and damage the product. All bolts come standard with a thread coating to reduce friction. To avoid stripping the threads, do not overtighten your bolts.
5. With the Allen Key, or the Loll Tool and tighten firmly until parts are drawn tight together and you can't muscle the bolt any tighter. It's virtually impossible to over tighten by hand. Watch the assembly videos at the link below for how to do this.

'Step 7'

While you tight the fasteners from the inside, you should be able to see if everything is being drawn together. This is especially important when using "Blocks" for assembly. One side may have protective film on it. If so, you may want to remove the protective film. This surface is hidden after assembly so the film can remain on the block or be purchased from Loll for multi piece assembly jobs.

If your piece has "Blocks" for assembly one side may have protective film on it. You can remove it. This surface is hidden after assembly so the film can remain on the block or be purchased from Loll for multi piece assembly jobs.
