Made in the USA with recycled post-consumer plastic, Loll's modern outdoor furniture adds a unique and modern aesthetic to outdoor spaces. Founded on principles of efficient and responsible use/reuse of manufacturing materials, Loll was conceived as a way to repurpose excess skate ramp material from our former company, municipal skatepark creator, TrueRide. Loll began by creating a modern Adirondack chair with the durable skate-proof material that was proven to require no maintenance and hold up in all weather conditions. Appreciate the outdoors with maintenance free furniture made by Loll Designs.

LOLL ORIGINALS

Creating something from nothing is the best part of making, and as authentic makers we relish in the discovery that follows. Starting with a fresh idea and innovation through creative thinking, hard work, and trial and error, Loll creates original designs.
WHATS MAKES A LOLL CHAIR?

BOTTLE OPENER
Integrated stainless steel bottle opener hidden under right arm just in case you get thirsty.

REPLACEABLE PARTS
Component parts can be removed and replaced if damaged.

WEATHERPROOF
Leave Loll products outside year-round!

EASY TO CLEAN
Non-porous surface of HDPE material that will not harbor dirt or mold.

COMFORTABLE
Designed with angles in all the right places, our chairs are built to provide optimal comfort. Plus with many height variations and the option to rock you’ll be sure to find the right fit for you.

DURABLE
Conceived as a way to repurpose excess skate ramp material Loll chairs are durability tested and fade resistant.

RECYCLED MATERIAL
Derived primarily from milk jugs, Loll material is made of recycled plastics, and at the end of a chair’s life is completely recyclable.

STURDY
Tested for durability, structure and longevity Loll chairs withstand a 1,000+ lbs load without failure to ensure years of safe sitting.

HIDDEN FASTENERS
Loll’s unique hidden fastener system allows for all hardware to be hidden from view.

MAINTENANCE FREE
No painting, sanding, staining, or sealing required.
Minnesota may be known for snow and cold but it’s also the land of 10,000 lakes. The summers are warm and gorgeous, especially near a popular lake area in north central Minnesota known as Nisswa. We named the Nisswa Collection in the spirit of the cabin life experienced there.

Loll Designs’ silver and bronze ratings from Cradle to Cradle® emphasizes Loll’s commitment to the environment and product transparency.

The Cradle to Cradle® certification is a rigorous process, and no stone was left unturned as our company and our supply chains were thoroughly investigated. Throughout the process we were evaluated on five categories including material health, material reutilization, renewable energy/carbon management, water stewardship, and social fairness. Upon completion, 93% of Loll products became Cradle to Cradle Certified, with 84% receiving an overall Cradle to Cradle Certified SILVER™ rating. We always strive to understand our impact on the environment, our employees, and our community, and the Cradle to Cradle certification process validated all we do to enhance these aspects of our company. Learn more about Loll’s Cradle to Cradle certification at lolldesigns.com/cradletocradle.

Cradle to Cradle Certified™ is a certification mark licensed by the Cradle to Cradle Products Innovation Institute.

WHO WE ARE

Made in the USA with recycled plastic, Loll's modern outdoor furniture adds a unique and modern aesthetic to outdoor spaces. With sustainability ethics in mind, Loll aims to play a role in a circular economy where plastics made will be recycled continuously, thus reducing waste. Did you know all Loll products can be recycled at the end of its life? We were founded on principles of efficient and responsible use/reuse of materials, which is why during the production process we recycle more than 88 percent of our manufacturing waste and the remainder is incinerated to make electricity. Striving towards zero waste has created recycling programs for anything that can be recycled. It’s impossible not to leave an environmental footprint and we do all that we can to mitigate it while making maintenance free furniture so you can appreciate the outdoors.
