ASSEMBLY TIPS

*Please read before beginning assembly!

To avoid damaging furniture perform the assembly of your Loll furniture on a clean soft surface like a blanket, carpet, or the flattened cardboard box the furniture was shipped in. Components should not be unnecessarily forced together! Plastic is flexible and you may need to persuade the pieces to align them properly. If it seems something isn’t fitting together you likely have it wrong and you should reread the instructions to ensure you are aligning the proper components. You can also contact your Loll Sales Associate or Customer Service for support at 877.740.3387.

Don’t Use a Cordless Screw Gun: It is not necessary and we do not recommend using a screw gun or drill to install and tighten bolts in inserts. Finger tighten all bolts first and then use the Allen Tool provided to finish tightening all bolts after the piece is assembled.

1. Please Recycle the BOX and paper packaging.

PRODUCT CARE

Your new Loll furniture is a no maintenance product. It is fade resistant and you’ll never need to paint or stain it and it can be left outside all year regardless of the season. It will not rot, even if left standing in water, it’s plastic. Nonetheless, we’re pretty sure your Loll furniture will get a lot of use and will at some point need cleaning. We recommend a garden hose and incorporating a soft bristle brush. Adding a tablespoon or two of your favorite eco-friendly soap to the wash will get everything squeaky clean! Mineral deposits left over from hard water can be removed with a solution of vinegar and water. DAMAGED PRODUCT

Sometimes accidents occur. Please inspect your Loll furniture when you receive it to make sure that it has not been damaged during shipping. If damage has occurred please take digital pictures of the damaged furniture and the box it was shipped in, and email them to sales@lolldesigns.com or call 877.740.3387, ext. 1. The damage will be assessed and you will be contacted with a solution to the problem. It may be helpful to save all of your packaging material in case a return is necessary.
