

PRO TOOL KIT

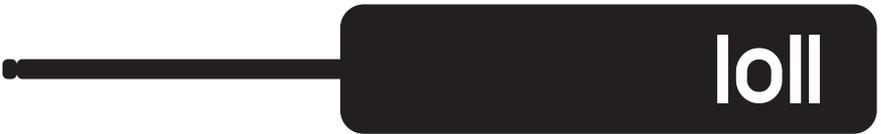

CONGRATS

You have chosen to assemble your new Loll furniture just like we do. Included in this Tool Kit are a Loll Tool, a Ratchet Wrench with a 5/32" Socket Driver and a T25 Torx Bit. Everything you need to make driving and tightening bolts a breeze. We recommend starting the bolts with just your fingers before going to the Loll Tool or the Ratchet Wrench.

T25 TORX BIT FOR CORDLESS SCREW GUN OPERATION

If you have a cordless screw gun (and you know how to use it) use the included T25 Torx Bit. Set the clutch setting at a medium torque! Always start the bolts with just your fingers first. Important: We do not recommend using an electric drill with a cord and without a clutch to assemble Loll furniture as you can easily overtighten and damage the product.

TOOLS INCLUDED

1. Loll Tool

2. Ratchet Wrench

3. 5/32" Socket Driver

4. T25 Torx Bit

ASSEMBLY TIPS

****Please read before beginning assembly!***

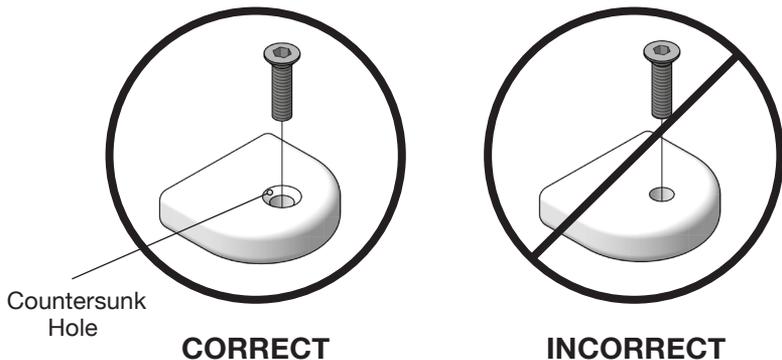

To avoid damaging the furniture surfaces please perform the assembly of your Loll furniture on a clean soft surface like a blanket. When assembling, components should not be unnecessarily forced together! If it seems parts aren't fitting together you likely have something wrong and you should reread the instructions to ensure you are aligning the proper components. Most furniture utilizes plastic "Blocks" for assembly. One side of the Block may have protective film on it. This surface is hidden after assembly so the film can remain on the block or it can be removed. All bolts come standard with a white colored thread coating to prohibit bolts from loosening after assembly. Start all bolts with your fingers first. Once the bolt is started in the brass insert, use the Loll Tool or the Ratchet Wrench and tighten firmly until parts are drawn together and the bolt snugs to a stop.

Assembly Videos Really Help!

Watch the assembly videos at www.lolldesigns.com/videos for more information and visual aids.

BLOCK & BOLT INSTALLATION

Insert bolts through the countersunk hole side of blocks as shown below.

QUESTIONS?
