ASSEMBLY TIPS

*Please read before beginning assembly!

To avoid damaging furniture perform the assembly of your Loll furniture on a clean soft surface like a blanket, carpet, or the flattened cardboard box the furniture was shipped in. Components should not be unnecessarily forced together! If it seems parts aren’t fitting together you likely have something wrong and you should stop and contact Loll, or go through the assembly videos at www.lolldesigns.com/videos for even more information and visual aids. If you have more questions please contact your Loll Sales Associate or Customer Service for support at 877.740.3387. A **Please Recycle the BOX and paper packaging.**

**PRODUCT CARE**

Your new Loll furniture is a no maintenance product. You’ll never need to paint or stain it and it can be left outside rain or shine year round and it will remain in great shape for years of enjoyment. The material is engineered to prevent mold or rotting and the finishes are UV protected and fade resistant. Clean with a damp cloth and soap. If mold has developed, apply a disinfectant and let it dry. Scratches and signs of wear can be removed with a medium grit sandpaper and refinished with a fresh coat of the finish color you chose. We do not recommend using an electric drill with a cord and without a clutch to install bolts in inserts as you can easily overtighten and damage the product. All bolts come with protective film on it. This surface is hidden after assembly so the film can remain intact and you can easily remove it if you need to remove a bolt. However, we do recommend using an Allen Key, or the Loll Tool and tighten firmly until parts are drawn tight together and you can’t muscle the bolt any tighter. It’s virtually impossible to over tighten by hand. Watch the assembly videos at www.lolldesigns.com/videos for even more information and visual aids. If you have more questions please contact your Loll Sales Associate or Customer Service for support at 877.740.3387.

**5 YEAR WARRANTY**

We sit beside, on top, and beneath the quality of our fine furniture and will make things right if you are not completely satisfied with your purchase. Loll Designs hereby guarantees that the piece will be of good quality and workmanship, free from faults and defects. Loll warrants that all components will not fail, under normal use, for five years from the year mark on the piece or the date of purchase. *For commercial orders the warranty is three years.

ASSEMBLY INSTRUCTIONS & PRODUCT INFO:

Loll Designs inspires people to appreciate the outdoors.

**SHARE YOUR LOLL**

Reach out if you need assistance.

**PRODUCT CARE**

Sometimes accidents occur. Please inspect your Loll furniture when you receive it to make sure that it has not been damaged during shipping. If damage has occurred please take digital pictures of the damaged furniture and the box it was shipped in, and email them to sales@lolldesigns.com or call Customer Service using our toll free number: 877.740.3387, ext. 1. The damage will be assessed and material in case a return is necessary.

**ASSEMBLY INSTRUCTIONS**

1. **ASSEMBLE SIDES**

   *Please read Assembly Tips before beginning assembly.*

   Lay a Side down on clean surface with cut outs face up. Place a Double Square Block into the Left and Right Side Braces as shown (recessed hole side out). Fit braces and block with the Side's cut outs and align the block with the Side's threaded holes. Insert 1˝ bolts and finger tighten. Repeat for opposite Side.

2. **ATTACH SEAT BRACES**

   Align Seat Braces with the Side as shown with the cutouts facing in and holes in the end aligned with the threaded holes of the Side Assembly. Insert 7/8˝ Black bolts and finger tighten to attach. Repeat for opposite Side Assembly.

3. **ATTACH SEAT**

   Lay the Seat down on clean surface with cut outs face up. Fit assembled Sides and Braces with the Seats cut outs. Place Square Blocks (recessed holes side out) into the Sides and Braces cut outs, insert 1˝ bolts through the blocks into the Seats threaded holes and finger tighten.

   Using provided wrench, securely tighten all bolts.
